▶ Adding animations

- ▶ Select the clip that you want to add a transition to
- ▶ Pick your transition

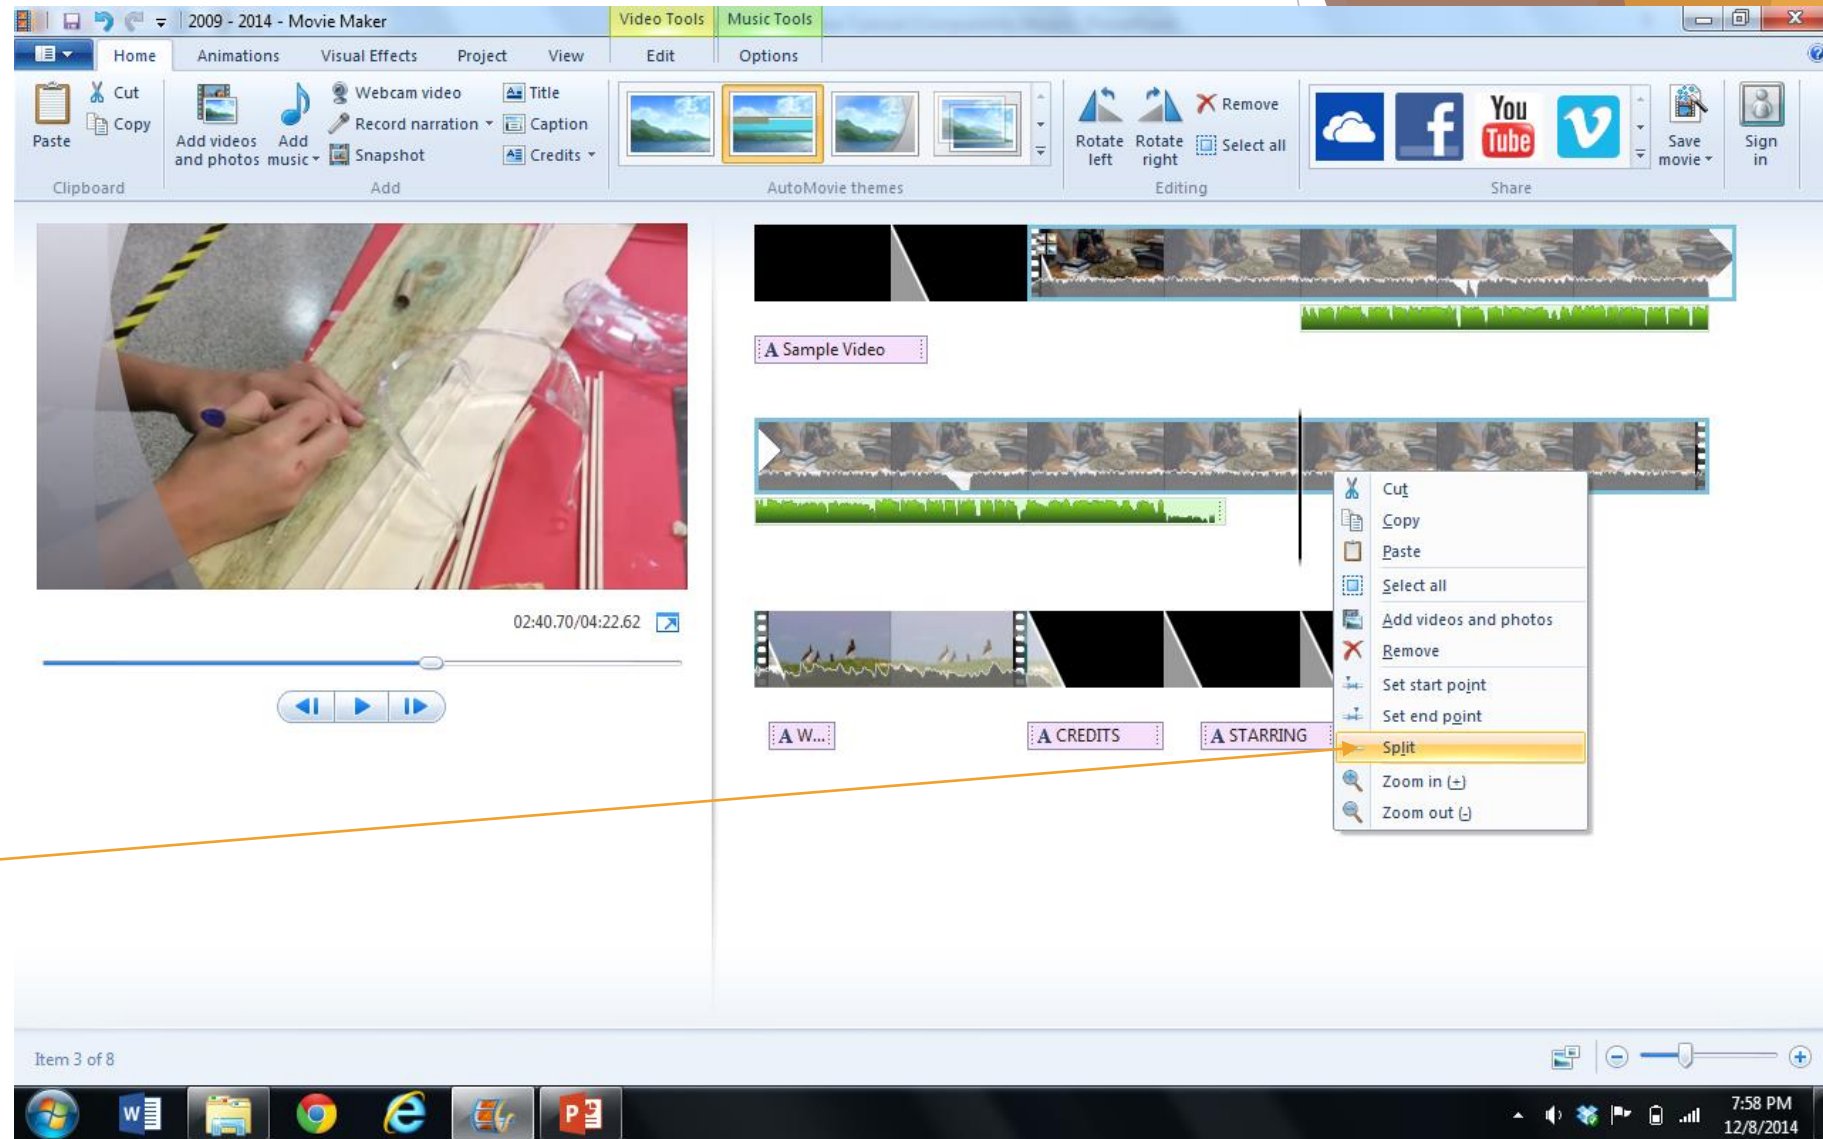

▶ Choosing Visual Effects...

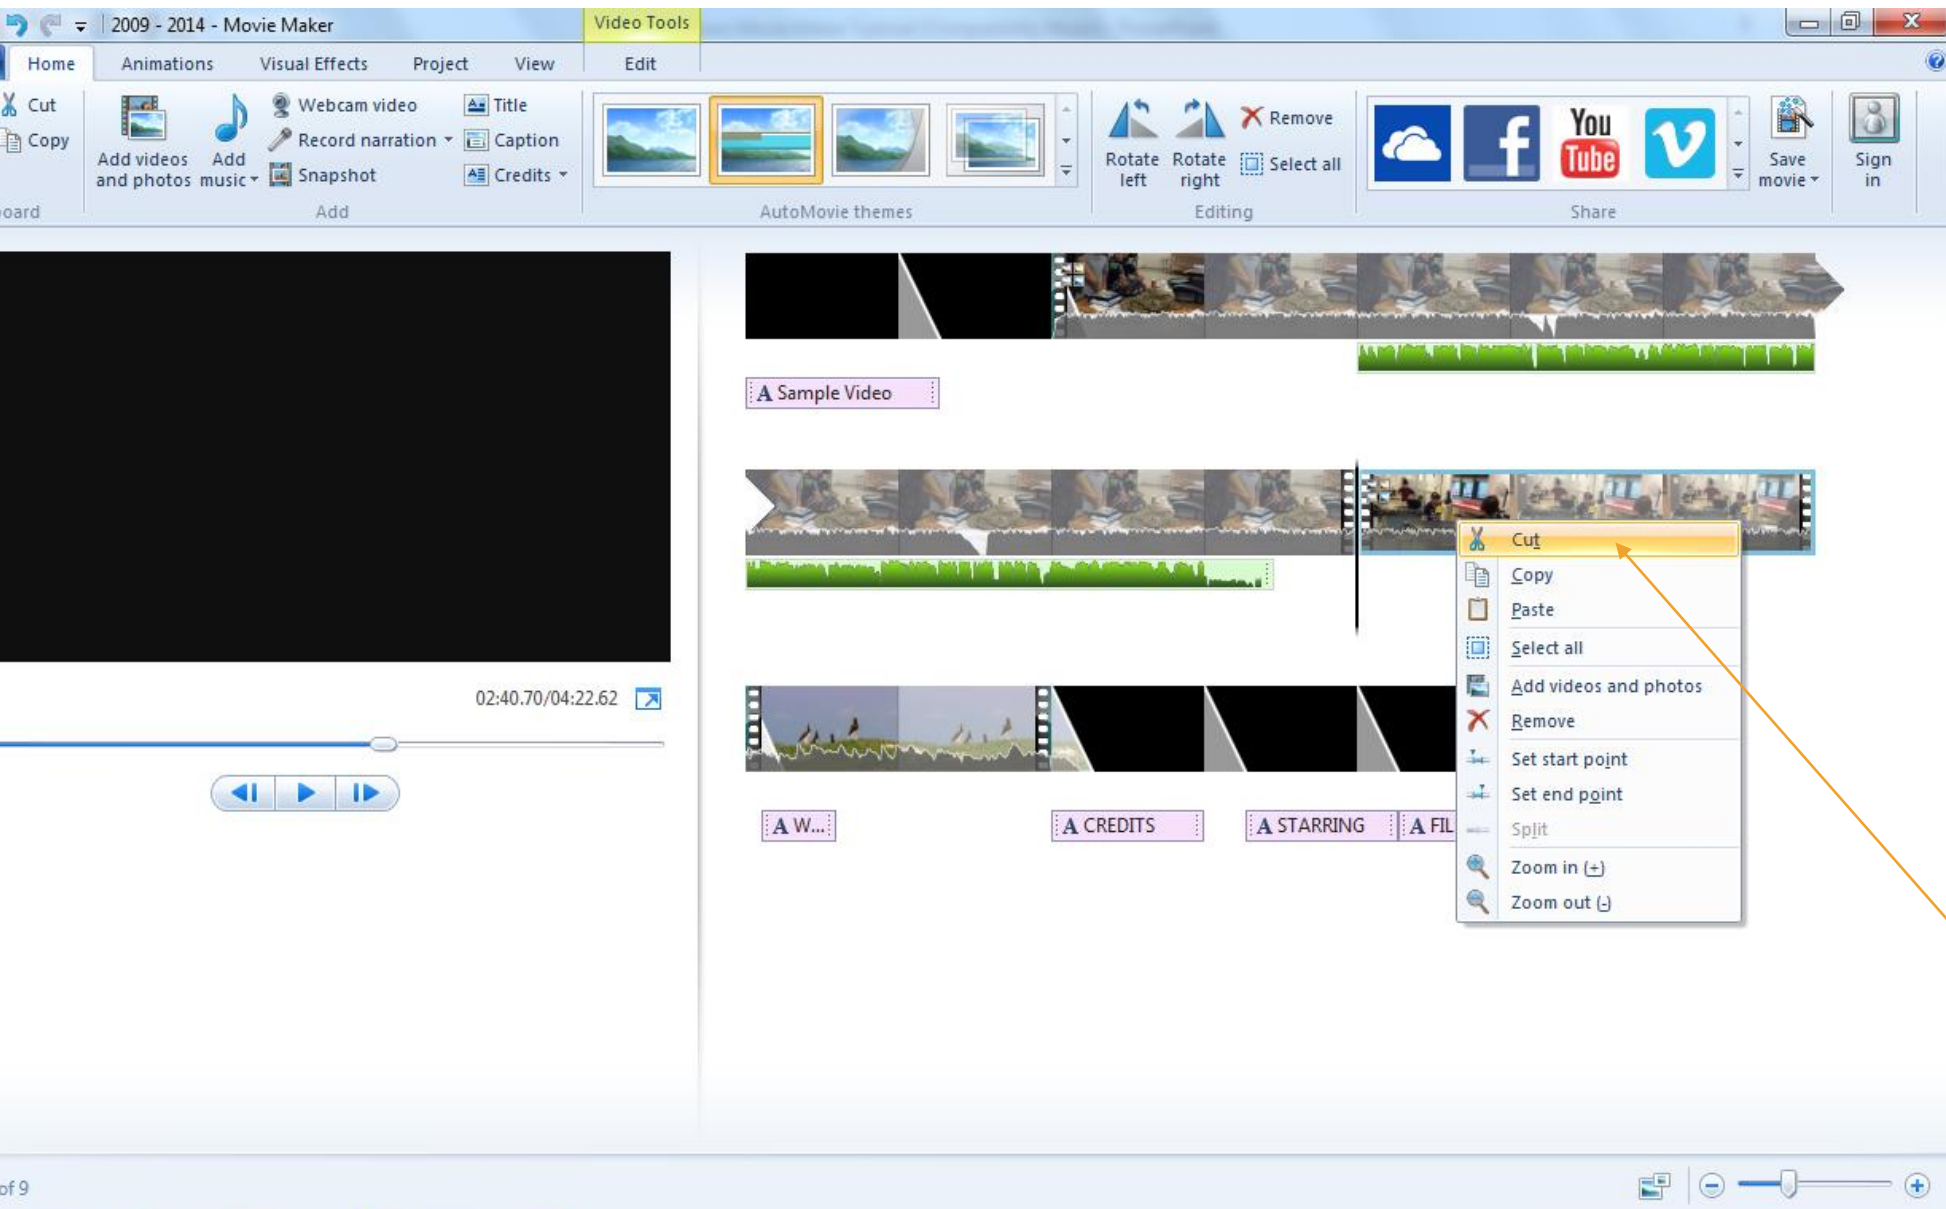

- ▶ Select a clip
- ▶ Choose an effect
- ▶ You can “apply to all”

► To split clips, first choose where you want to split the clips

► Then right click and select “split”

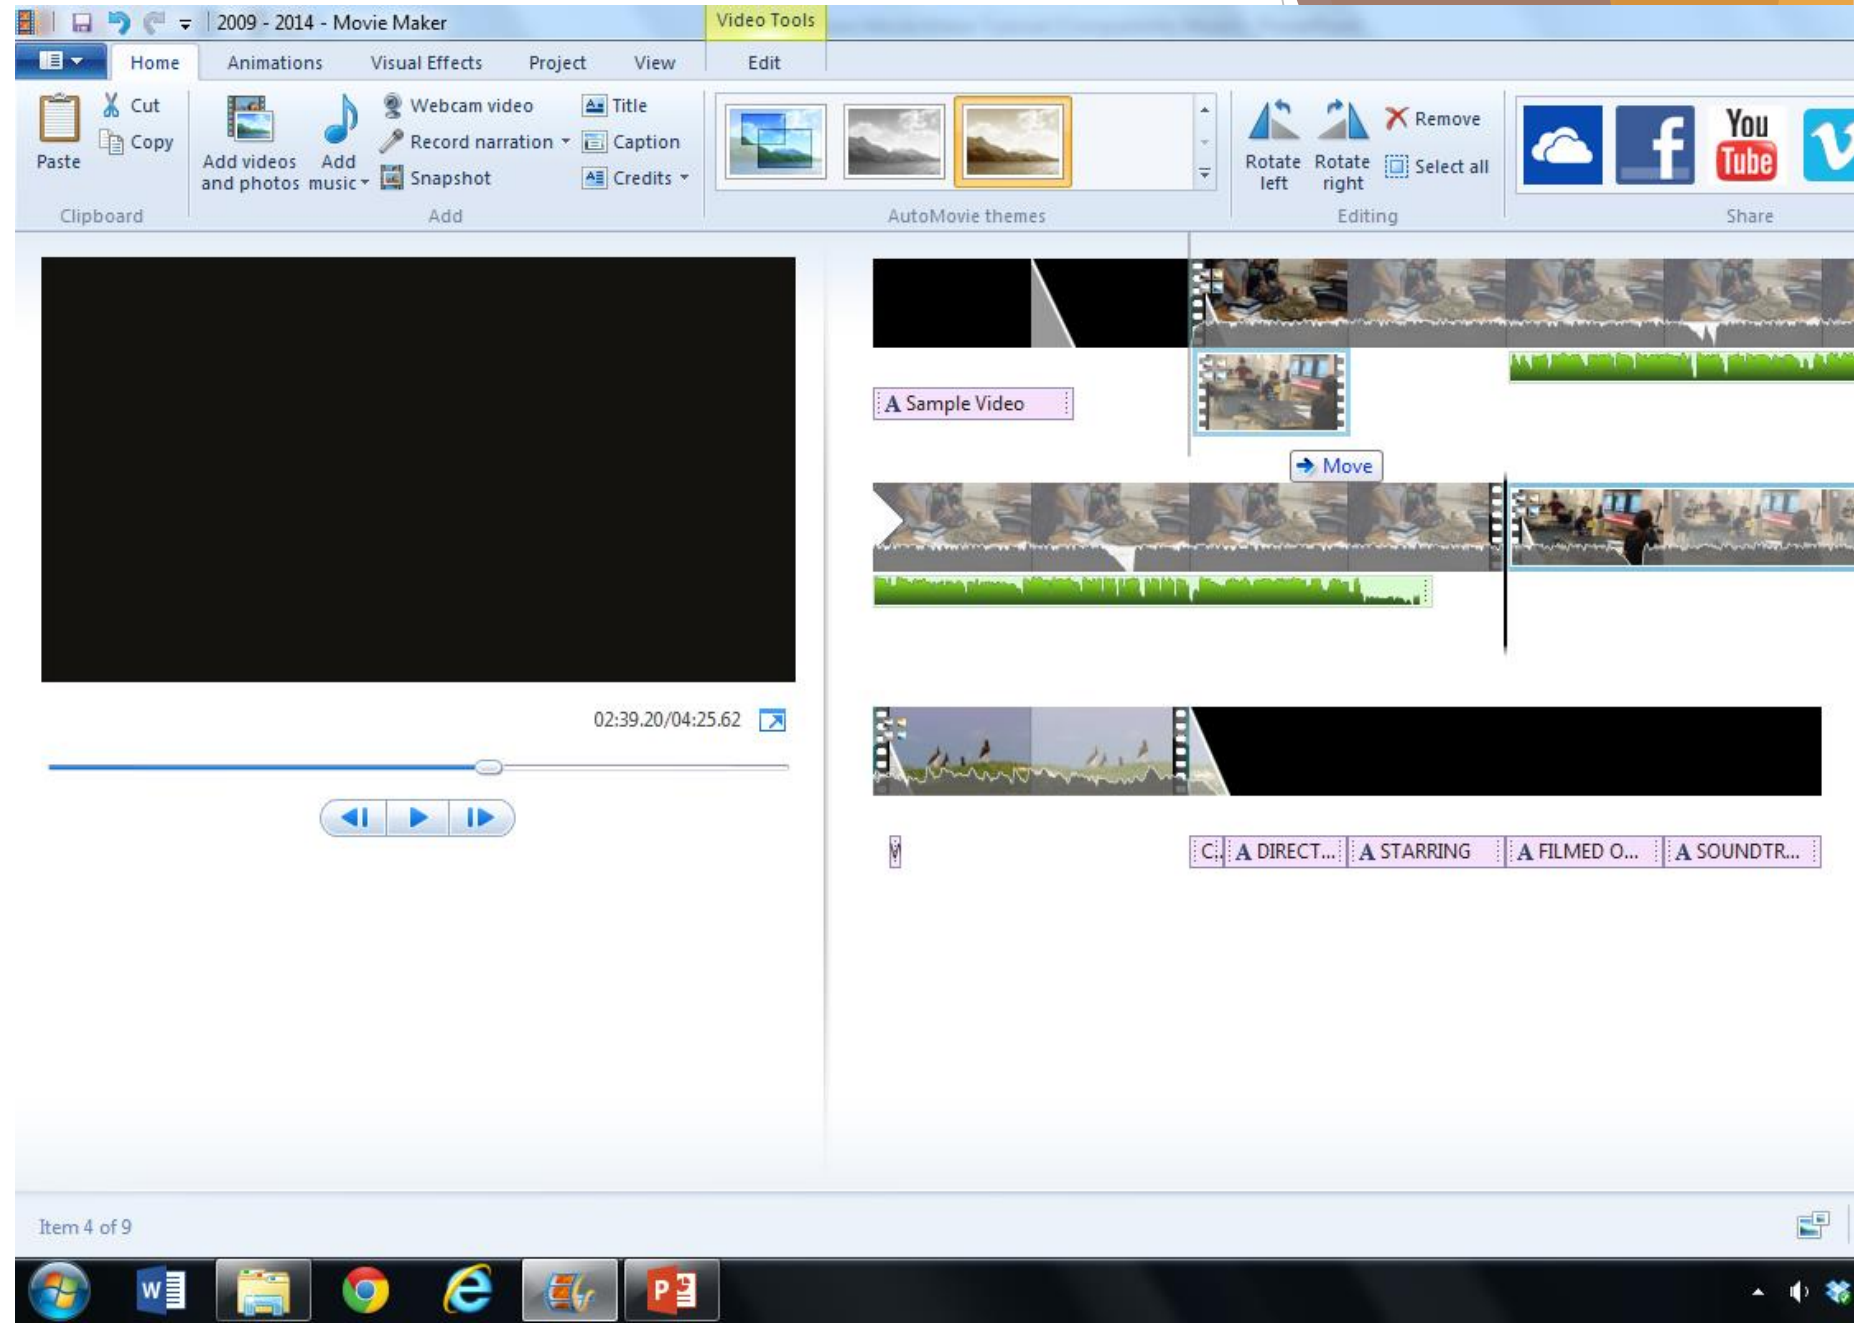

► Splitting clips is great for cutting out parts of clips...

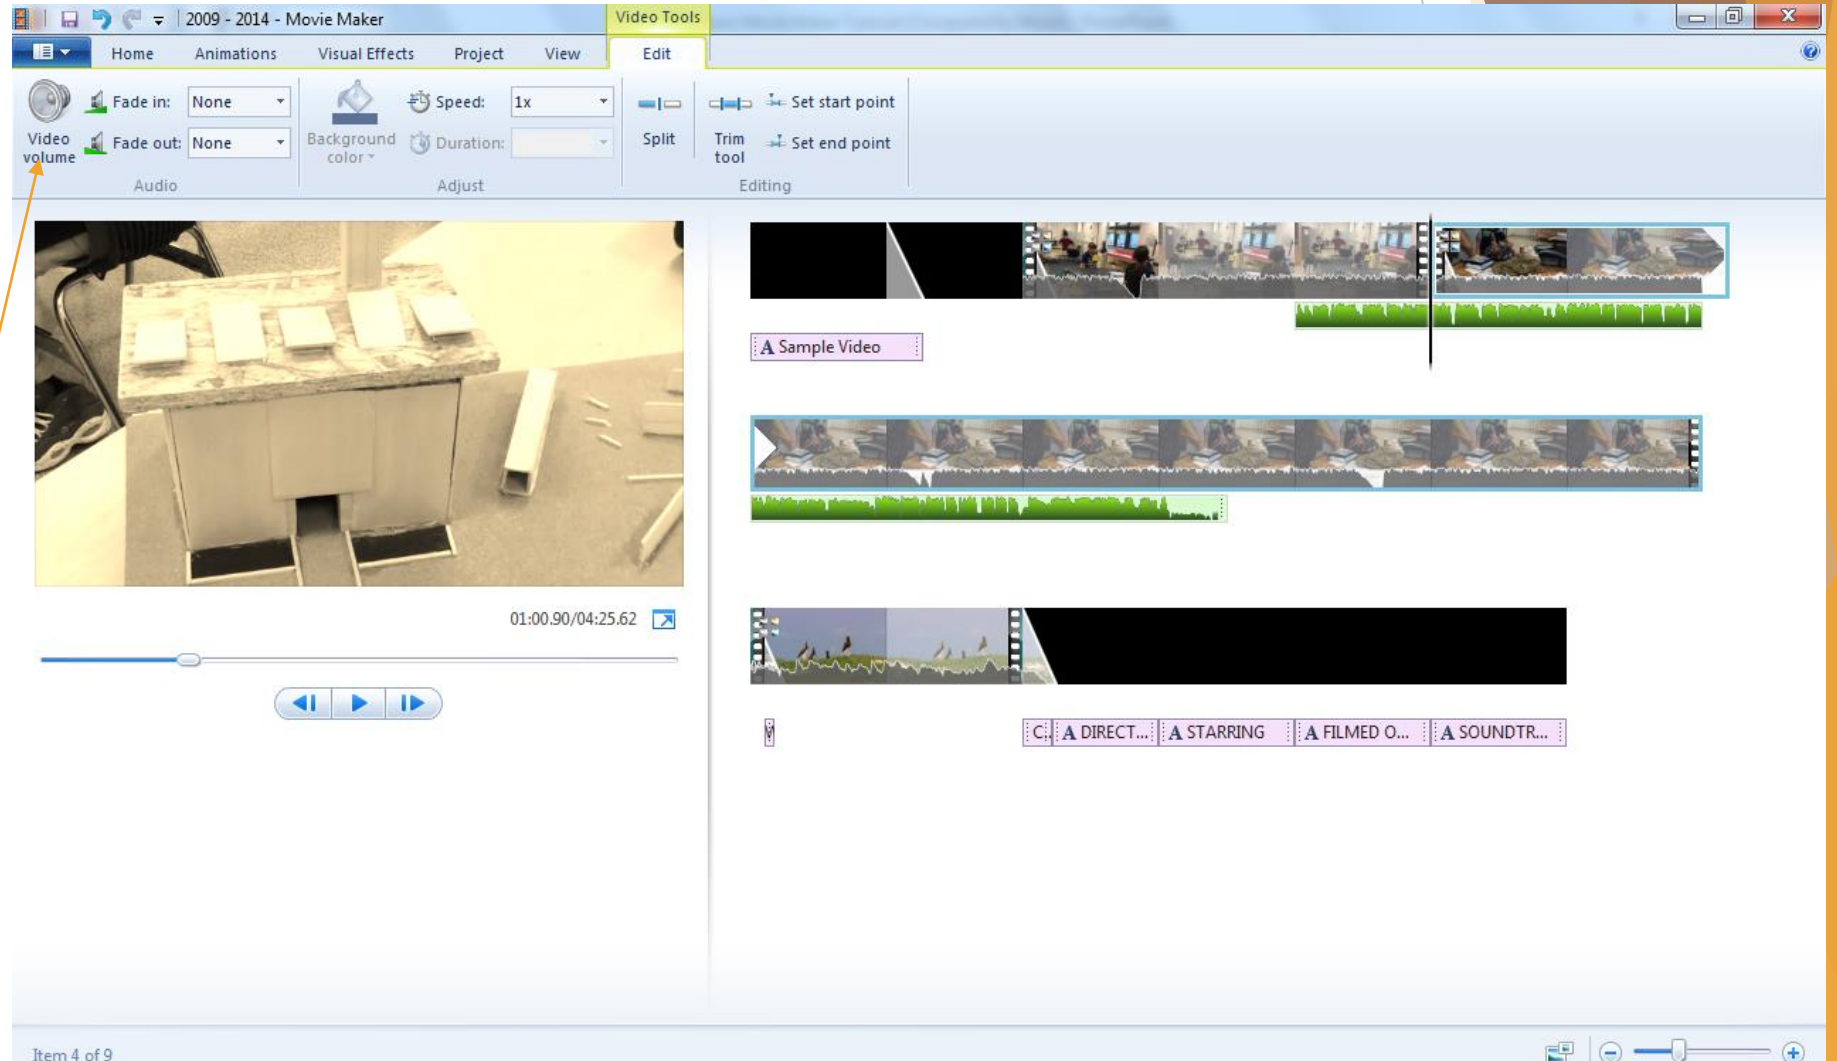

► To do so, right click and select "cut"

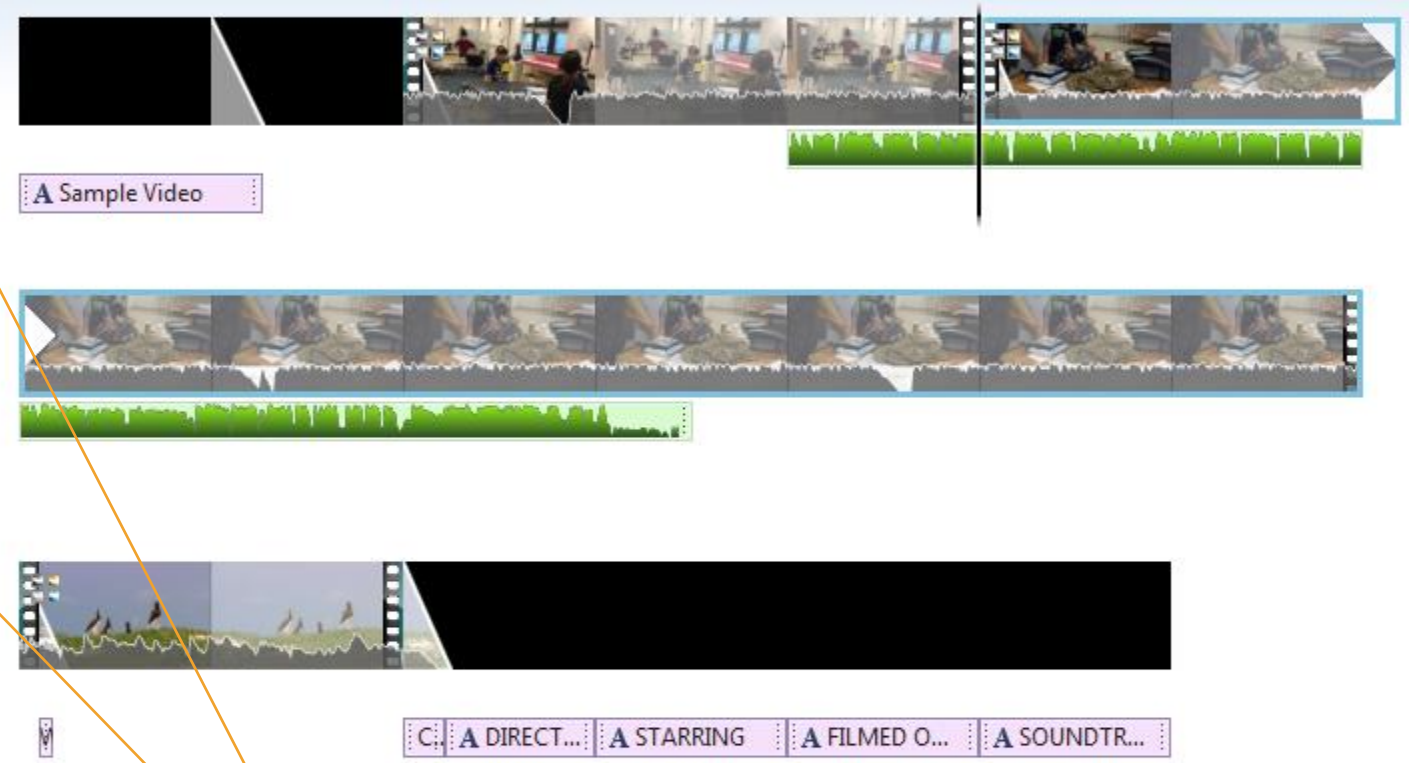

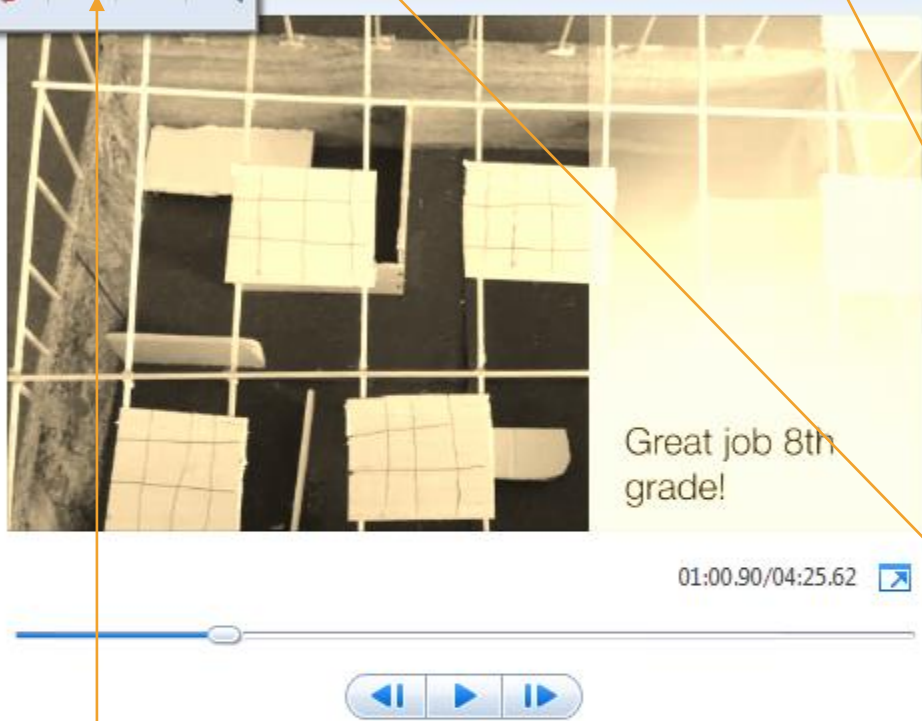

- ▶ To move clips around - click the clip and drag and drop!

To Turn off sound on a clip...

- ▶ Double click the clip
- ▶ Select “video volume”

Adjust to your liking

You can also have the clip fade in/out or speed up/slow down

How to save

- ▶ Save an unfinished project by clicking the file menu and choosing “save project”

Saving as a movie

- ▶ Select “save movie”
- ▶ Choose “for computer”
 - ▶ Can save to a DVD if you bring one
- ▶ Save final movie to one of Mrs. Beamer’s flash drives

Some Other Stuff...

- ▶ There are many other ways to edit your film clips - explore it!
- ▶ “Play” around a bit with the program to become comfortable
- ▶ SAVE every couple of minutes - better save than sorry
- ▶ Raise your hand if you need help!!
